St. Mary of the Assumption

Increased Offertory Program

All of us are called by the Lord to be good stewards of our resources. We are also called to be grateful for His goodness and to say thank you in word and in deed.

Next week at Mass we will be inviting all parishioners to complete an offertory commitment card. We hope you will welcome this as an opportunity to continue to share the blessings God has bestowed upon you. As Christians, we are always mindful of the great sacrifice our Lord Jesus Christ made for us and our calling to follow His example and do the same.

Within the next few days, you will be receiving a mailing from Father Dillingham. Please take some time to review the information provided. We greatly appreciate all you can do to help keep St. Mary's vibrant and strong.

Welcome to Father David Murphy

We ask God to be with Father Murphy as he begins his ministry as Associate Pastor at St. Mary of the Assumption.

Many of us have warm memories of his past assignment at St. Mary's.

We ask God to bless Fr. Murphy and walk with him as he begins his days with us.

In your charity, please pray for all who have gone before us and all the deceased of St. Mary of the Assumption.

Part 7 - Ways to Boost the Belief in the Real Presence of Jesus Christin The Holy Eucharist

Four of the most incredible Eucharistic miracles that have been examined by top scientists around the world, who ultimately concluded that science could not explain the miraculous phenomenon.

C. Buenos Aires, Argentina On August 18, 1996, as Fr. Alejandro Pezet concluded Mass at the parish of Santa Maria y Caballito Almagro, a woman reported that a consecrated host had been desecrated on a candle holder in the back of the church. Unable to consume the Host, Fr. Pezet placed it in a dish of water and stored it in the tabernacle. The following Monday, the priest opened the tabernacle and found the host appeared to be a bloody substance. The miracle was reported to Cardinal Jorge Bergoglio (the future Pope Francis), who led an investigation into the miracle after the bloody host was miraculously preserved for several years.

According to the magazine Mijecie.sie!, "On October 5, 1999, in the presence of the Cardinal's representatives, scientist Dr. Ricardo Castañón Gómez took a sample of the bloody fragment and sent it to New York for analysis."

The event does not have a natural explanation.
