St. Mary of the Assumption

Increased Offertory
Program

All of us are called by the Lord to be good stewards of our resources. We are also called to be grateful for His goodness and to say thank you in word and in deed.

On February 1st and 2nd at Mass we will be inviting all parishioners to complete an offertory commitment card. We hope you will welcome this as an opportunity to continue to share the blessings God has bestowed upon you. As Christians, we are always mindful of the great sacrifice our Lord Jesus Christ made for us and our calling to follow His example and do the same.

Very soon, you will receive a mailing from Father Dillingham. Please take some time to review the information provided. We greatly appreciate all you can do to help keep St. Mary's vibrant and strong.

In your charity, please pray for all who have gone
before us and all the deceased of
St. Mary of the Assumption.

+Paul Sullivan, father of
parishioner Colleen O'Connor

Please note:

The Trustee's 2020 Gordon Slivinski and Edmond Sannini

The parish office will be closed on **Monday, January 20, 2020** in honor of the Martin Luther King holiday.

Farewell to Fr. Evers

Father Glenn Evers will be moving from St. Mary of the Assumption to St. Joseph on the Brandywine on January 29th.

Please join us on the weekend of January 25th & 26th after all Masses to wish him well in his new parish.

We are very grateful for Fr. Evers' presence and priestly ministry during the past two and a half years. We ask God to bless him and be with him as he begins his assignment at St. Joseph's.

Annual March for Life in DC There will be a bus for **March for Life in DC** that will leave our parish parking lot on **Friday, January 24th** and return around 7pm. This annual event in Washington prayerfully protests the US

Supreme Court decisions of Roe vs. Wade and Doe vs. Bolton in 1973, which have allowed **~65 MIL-LION babies to die by abortion in the U.S.A.**

What a tragedy for our nation. Please make the effort to attend, as people from ALL 50 states will be there, to speak up for the voiceless babies. It is a peaceful and safe event for all ages to give witness. Reservations are \$25/person and \$5/student.

For more information or to make a reservation for the bus, please contact Ann Courtney 302-494-4138. Bus is arranged by the parish **Pro-Life Committee**.

Special Holy Hour on Friday, January 24, 2020

If you are unable to join the March for Life pilgrimage in Washington DC with our bus, please plan to attend a special Holy Hour from 3-4pm in our church. This is a mighty way to pray for the success of the March for Life, by praying for the victims of abortion and the healing and repentance that they need; for our country's laws to protect human life rather than allow for the destruction of babies; for mothers to be trusting that God will always provide for them; and safety for all pilgrims.

The Holy Hour will include Rosary, Stations, of the Cross, Adoration of the Holy Eucharist, and Benediction.

Part 5 - Ways to Boost the Belief in the Real Presence of Jesus Christ in The Holy Eucharist

Four of the most incredible Eucharistic miracles that have been examined by top scientists around the world, who ultimately concluded that science could not explain the miraculous phenomenon. A. Lanciano, Italy In the 8th century, a priest had doubts about the real presence of Christ in the Eucharist. One day during Mass, after the consecration, the bread and wine turned visibly into flesh and blood. In 1970-'71 and again in 1981, a scientific investigation was led by the scientist Odoardo Linoli, professor of anatomy and pathological histology and in chemistry and clinical microscopy. He was assisted by Prof. Ruggero Bertelli of the University of Siena.

They concluded that the flesh is cardiac tissue which contains arterioles, veins, and nerve fibers. The blood type (in unison with all other approved Eucharistic miracles) was discovered to be type AB. According to [Zenit](#), the "Higher Council of the World Health Organization (WHO) appointed a scientific commission to verify the Italian doctor's conclusions. The work was carried out over 15 months with a total of 500 examinations... [and confirmed] science's inability to explain the phenomenon.
